**Incident Summary**

Student had property stolen from the library

**Narrative**

On February 1, 2016 at approx. 1923 hours, I received a call from ██████████ about her jacket missing from her chair at a workstation in the Barber Library.

I arrived scene and made contact with ██████████ in the front lobby area, and started taking her information.

She stated that at approx. 1800 hours she got up to use the restroom, leaving her black XS Patagonia down jacket with her car keys and miscellaneous keys in the pocket. When she returned she did not notice that her jacket was missing, and she continued to work on her homework.

At approx. 1920 hours, ██████████ was packing up to leave and went to put her jacket on, noticing it was not there. She went to the circulation desk and the circulation desk employee called CPS.

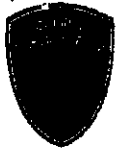

██████████ stated that there was a person sitting across from her that was there when she got up to go to the restroom and was gone when she came back. ██████████ describes him as a WMA approx. 5'9" early 20's with brown eyes with and average build at approx. 150 pounds. He was sitting at terminal 15881// LIBREF-13PAT-03.

It is unknown at this time if this theft is connected to the string of jacket thefts fall term 2015.

Investigation in progress- Reviewing video tape // Looking into data terminal access
