Dear Madam President;

I have enjoyed serving with each of you on the NAACP Board and it has been both an honor and a privilege to serve the community in this capacity. That is why it is hard for me to write this letter of resignation. I will resign my position on the board effective July 22, 2016. Because of your commitment and your skills and experience, Portland NAACP 1120B Branch has in a short amount of time reestablished itself as prominent part of our community. I am glad that I could be a small part of that success. However, I can no longer meet the increased time commitments required to move the organization to the next level.

I hope that you will continue providing excellent service to the community. Keep that positive enthusiasm as you serve those community members who desperately need support.

Thank you for allowing me to be part of a dynamic organization. Please keep in touch.

Yours sincerely,

Bryant Enge

Dear Bryant,

I am sorry to accept this letter of resignation. The professionalism you brought to the position was extremely valuable to where the NAACP Portland branch is today.

Thanks for your service. I appreciate your efforts. Any ideas of a replacement will be appreciated.

Also I would appreciate you maintaining the position until September if possible. We will need to get through the convening next month and elections are in September.

This additional time will allow for a smooth transition.

Thanks for your consideration.

I cannot commit, but will make sure to find time to assist in the transition. As I shared with Melissa, I will help.

Bryant
